HAMMAD HASSAN

HIGH SCHOOL GRADUATE

SUMMARY

I am a fresh high school graduate with incredible computer skills. I have worked on many Web Development projects during and after my high-school. After Web Development, I started getting into Programming. I have learned Python and currently delving deep in Python to interact with OS.

HOBBIES

Web Developing: I have created many portfolio websites for my friends, and I have also created many brand-portfolio websites for my clients.
Programming: I really love creating different kinds of applications with programming.
Song-Writing: I love writing songs about my life and different situations. It's irrelevant to my field, but it's something I really like to do in my free time.
